BAPTIST CHURCH

## Mission Opportunities with Builders for Christ

You're invited to join us this May or August in helping with the construction a new sanctuary for the Jacob's Well Church in Eau Claire, Wisconsin. Builders for Christ, the organization that provided some 1100 volunteers to help with the construction of our building, is coordinating the effort this year in Eau Claire.

Layton volunteers have two group options from which to choose:

### May 20-25

This group will assist in the earliest stage of construction that include cutting, organizing, and consolidating lumber. Those with construction skills may also assist in framing and erecting walls.

### August 5-10

This group will assist with caulking, painting, trim, door hardware, lay-in ceilings, possibly some outdoor soil work, and other tasks as needed. Those with construction skills will have additional opportunities for service. Help may also be needed with daily meal preparation and clean-up.

Given the relative proximity of Eau Claire (3.5-4 hours), *you may be able to stay and work part of either week.* Typically, most non-local volunteer work is done Monday-Friday, but likely, volunteers from Jacob's Well will be working on Saturdays.

### Costs

Each volunteer is responsible for no more than half of his/her lodging and meals expense. Our church will be engaging in some fundraising activities this spring and will encourage financial contributions from those not making the trip. We want this to be a collective mission venture.

Meals taken with the group (lunch, supper, and possibly breakfast) are \$7.00 each and are fantastic! Many of the hotels offer a "free" breakfast each morning.

Hotels from the most austere to the most well-appointed are available. A list of lodging options is posted on the Fellowship Hall bulletin board. You may also want to check the website, [www.airbnb.com](http://www.airbnb.com) for possibilities of reasonably priced home and vacation property rentals.

### Coordination
