

Look at what God's planning!  
(Joel 2:18-27)

Fire had devoured what natural vegetation remained (vv. 19-20)

Joel discerned in these circumstances an opportunity for people to \_\_\_\_\_  
their relationship with God.

Everyone in the ancient world ascribed \_\_\_\_\_ to a  
"divine" power.

The Son [Jesus] is the radiance of God's glory and the exact expression of God's nature"  
(Hebrews 1:3).

Sin isn't the cause of COVID-19, but the virus is a fountainhead of sinful behavior.

The "jealousy" of the Lord was a \_\_\_\_\_ for that  
which he owned.

When the people \_\_\_\_\_, God \_\_\_\_\_! (Jonah 3:10; Jer. 18:7-8;  
Amos 7:3, 6)

Not only did God relent, he also \_\_\_\_\_.

We'll need to trust God for that kind of future described in the text

*Be ye kind one to another, tenderhearted, forgiving one another, even as God for Christ's sake has forgiven you (Eph. 4:32)*

You still can come home and believe God for a new day
